FARMERS MARKET

DECLARATION OF INTEREST TO BECOME A VENDOR.

Hello and thank you for your interest in becoming a vendor at the Tga Farmers Market! By completing and sending this form to the Market Manager, you have taken the first step towards joining our market community. Before you proceed, please make sure to review all the information provided on the Market Information. Once you have filled out the form and submitted it via email, the Market Manager will present it to the committee during their monthly meetings for consideration. The committee is under no obligation to accept your application and you may be placed on a waitlist or denied.

Please note that the committee aims to bring diversity and new products to the market, prioritising originality over duplication, given our limited space and high demand. If your application is accepted for consideration, the Market Manager and a committee member will request a site visit and will need all necessary legal documentation before final acceptance. Failure to provide required information or refusal of a site visit may lead to the denial of your application.

The application is divided into four parts: Contact information, History and certificates (both compulsory), and selecting the category that best fits your products - Fresh, or Value Added and Ready to Eat. Fresh produce includes vegetables, fruit, nuts, flowers, plants, honey, eggs, meat, and seafood. Value Added items encompass products like jam, sauces, pickles, and baking, while Ready to Eat includes drinks, hot dishes, or any food intended to be consumed fresh at the Market.

Contact Information - Compulsory

Date of application _____
Name _____
Stall name _____
Address -full _____
_____ POST CODE _____
Contact Number _____
Email _____

Please fill out the section that best fits.
